

## UKATA Training Exclusive Discount - 20% off!

[Tersus Training Services \(TTS\)](#), is [Tersus Group's training division](#), offering a large portfolio of health and safety training courses. We specialise in Asbestos and Construction Safety training and you can access our courses across the UK or we will come and train your team at your premises.

Operating within the Tersus Group portfolio, we have access to industry experts within the health and safety training services sector, which gives us the ability to create programs that will allow individuals to not only qualify but excel in their roles and ensure compliance.

This offer is exclusive to Tersus Consultancy friends and customers with 20% off any of our open UKATA approved training courses in October or our dedicated in-house courses.

See below for a list of course dates and locations for each of our UKATA approved training courses running in October.
